Grand Canyon™

LIFETIME *Designer* SHINGLES

"The incredible depth and dimension of Grand Canyon™ shingles will astound even the most casual observer!"

Color Shown:
Mission Brown

Sedona Sunset

Black Oak

Stone Wood

"The Ultimate Choice For A Rugged Wood Shake Look"

for PROPERTY OWNERS

- **Sophisticated Design...** Carefully sculpted shingle tabs combined with a subtle "shadow effect" result in a sophisticated yet rugged design
- **Incredible Appearance...** Grand Canyon's massive, extra-thick shingle tabs are up to 20% thicker, to give your roof the unmatched dimensionality and depth of real wood shakes
- **Super-Heavyweight "Plus" Construction...** At over 400 lbs. per square, compare Grand Canyon™ shingles to any of the so-called "heavyweight" shingles on the market!
- **Natural Color Palette...** Specially-formulated color palette is designed to accentuate Grand Canyon's natural wood shake look
- **High Performance...** Custom-specified, ultra-high performance Micro Weave® core provides better protection layer for layer
- **StainGuard® Protection...** Helps assure the beauty of your roof against unsightly blue-green algae*
- **Safer...** Class A fire listing from Underwriters Laboratories—the highest rating possible—and safer than wood shakes!
- **Stays In Place...** Dura Grip® adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles now warranted to withstand winds up to 130 mph!†
- **The Ultimate Peace Of Mind...** Lifetime ltd. transferrable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years*
- **Perfect Finishing Touch...** For the best look, use premium Timbertex® ridge cap shingles. In the West, use Ridglass® ridge cap shingles (Sequoia®/ Canyon™ ridge cap shingles are also a good choice).

for PROFESSIONALS

- **Quicker Installation...** Large 17"x 40" shingle with 5" exposure installs from either direction to save labor—allowing you to offer superior value and greater homeowner satisfaction
- **More Referrals...** Unique and distinctive design that other homeowners will notice!
- **Less Chance Of Call-Backs...** Triple self-seal design allows shingle to pass laboratory wind tests at 130 mph!†

*See ltd. warranty for complete coverage and restrictions.

†Wind speed coverage on Grand Canyon shingles requires special installation. See ltd. warranty for details.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Moss Green

Mission Brown

Storm Cloud Gray

Smart Choice® ROOF SYSTEM SOLUTION

"Your Best And Safest Choice... Quality You Can Trust Since 1886!"

Leak Barrier

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

Roof Deck Protection

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

Quality Shingles

Choosing the right shingle can increase the value of your home. GAF-Elk offers you many great shingle choices, including **Timberline®**, the #1-selling architectural shingles in North America.

Effective Attic Ventilation

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

Distinctive Ridge Cap Shingles

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

Reliable Low-Slope Membranes

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

Pre-Cut Starter Strip Shingles

WeatherBlocker™ and **Pro-Start™** pre-cut starter strip shingles provide an upgrade that can save time, eliminate waste, and reduce the risk of blow-off by tightly locking your first course of shingles in place.

Roof Accessory Paint

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

*In the "North," building code requires the use of Leak Barrier at the eaves.

GAF-Elk is a U.S.-Owned Corporation

The GAF-Elk Smart Choice® Roof System Solution has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)
